## EDUCATION

**Texas A&M University, College Station, TX**  
**B.S. Computer Engineering, Software Engineering Track**

May 2016 — 3.02 Major GPA

### Classes

- Programming Languages
- Parallel Programming
- Information Storage and Retrieval
- Computer Graphics
- Data Structures and Algorithms
- Computer Systems
- Microcontroller Systems
- Computer Architecture
- Digital Circuit Design

## EXPERIENCE

**Faithlife Corporation, Bellingham, WA**  
**Software Developer Intern and Part-Time Remote Employee**

May 2015 - January 2016

Developed new features for Android applications using Xamarin and MVVMCross framework. Maintained existing applications. Led large redesign project involving significant refactoring of existing codebase.

## PROJECTS

**Scripture Now! — Android Application**

[play.google.com/store/apps/details?id=com.caseybrooks.scripturememory](https://play.google.com/store/apps/details?id=com.caseybrooks.scripturememory)

August 2013 - Present

Android application aimed to help users memorize Bible verses. Includes tagging and categorizing of verses, and several ways to find and add new verses to the user's collection.

**Android Bible Tools — Android Library**

[github.com/cjbrooks12/AndroidBibleTools](https://github.com/cjbrooks12/AndroidBibleTools)

February 2015 - Present

Android library designed to make it easy to use Bible verses in an application. Provides low-level framework for organizing Bible verse data from any vendor, and high-level widgets to expose the data to users. Is currently in use in *Scripture Now!*.
